

# The Tutelogian

September 2011

Tutelo Lodge 161

## Trainers Needed!!

Trainers will be needed to conduct sessions during the Saturday morning of the Fall Fellowship. This is a great opportunity for you, as chairmen, to teach others about subjects relevant to your committee, or you could pick a fun subject that you know a lot about. Either way, this is an option for points on the strongest committee form, so it is in your interest to volunteer to create and teach a session. If you would like to help, email Tyler Wright at [davidtwright@yahoo.com](mailto:davidtwright@yahoo.com).

Orville proclaims: "Do as your Vice Chief of Committees asks!"

## *Vice-Chiefly Speaking*

Brothers,

I would like to personally thank all of the committee chairmen who had a part in making the Fall Ordeal so successful. Every committee performed their tasks smoothly, and plans were followed relatively to the tee. Now, for a lot of you, your committee's biggest job of the year is over, but I would still like to note an important task remaining for all of you, and that is your closeout report. I will be emailing you all soon to outline exactly what I want to see in this report, and I assure you that it WILL be given to next year's chairmen, so your advice is valuable. Also, for some of you, your committee's largest role has yet to play out, so it is important for those committees to stay on top of their game and prepare to end the year on a high note.

In service,  
Matthew R.  
Vice Chief of Committees

# Fall Ordeal 2011

Membership Update!!

We've got a lot to do!! Work with your chapter chiefs to fix these numbers!

Need to have dues paid: 233

Percentage Paid: 76.72%

Needed for Brotherhood: 40

*The Fall Ordeal, as is no surprise, was a great success this year. We had over 100 new brothers join our lodge, close to 50 new brotherhood members, and of course several, distinguished members of our lodge were tapped for the Vigil Honor. Congratulations to the executive committee's own Brandon W. (inductions), Ben W. (service), Drew M. (Activities), and Brian "Pipes" F. (IA) on being tapped. We now look forward to the Fellowship next month.*

### *Committee Recognition*

This month, I would like to recognize Kiernan B. for his work with the Trading Post committee this year. He was somewhat of an amateur in the OA when he took on the role of Trading Post chair, but this year he has proven that he can manage a committee very well. I've never had issues with him responding to my questions, and he's always had a plan for shifts and volunteers ready to go for each function.

### *Vigil Tap of the Year Award*

*And the Vigil tap of the year goes to Drew M. He just couldn't handle the comedy of a serious Mike Lewis

## Fall Fellowship

Now that the three ordeal functions are over for 2010, we can turn our attention to the upcoming Fall Fellowship, where it's time to simply have fun! As mentioned earlier, you will all be needed to teach training sessions, and I encourage you to develop a training sessions now in preparation. On Friday, the Vigil candidates for this year will go through their Vigil night, and many Vigil members will serve as guides. Most notably, the Fellowship plays host to the inter-chapter competition for the coveted Golden Spigot, won by Koo Koo Ku Hoo last year. Drew M. has planned several activities for the chapters, and emailed the rules out to the chiefs. Finally, the fellowship will host the lodge officer elections for next year's EC. The weekend will determine a lot for Tutelo, and even if your committee has no official role, please volunteer where you see appropriate.
